

IMPORTANT NOTE TO THE TEACHER ON PROPER USAGE OF THIS BOOK

The design and intent of this book is for students to develop automaticity with the 100 addition facts. The intensive and comprehensive incremental structures contained in the following 322 pages have been expressly created to help students benefit from the organizing systems of each addition fact configuration to mentally combine all of the 100 addition facts with maximum efficiency and minimum cognitive demand. Students' mental fluency with the 100 addition facts will develop as the direct result of the repeated structured practice of imaging the specific processing connections supporting the addition fact configurations taught in the Making Math Real: 4 Operations and the 400 Math Facts seminar.

The extensive volume of incremental practice in this book is intended to enable the educator to be prescriptive for students' indicated areas of practice – not to assign pages of unstructured drill. **USING THIS BOOK DISASSOCIATED FROM ITS DESIGN AND INTENT WILL NOT HELP STUDENTS LEARN THE 100 ADDITION FACTS.**

Furthermore, it is **NOT** intended that students complete every page of this book unless indicated by their processing needs.

THE 100 ADDITION FACTS

Table of Contents

LEVELED WORKSHEETS

I. DOUBLES

Addend Plus Addend	1
Missing Addend	6
Missing Addends	11

II. PLUS ONE

Addend Plus Addend	17
Missing Addend	25
Missing Addends	33

MIXED PRACTICE I - II

Doubles and Plus One : Mixed Practice by Section	38
Doubles and Plus One : Mixed Practice by Row.	41
<i>Note to Teacher</i> : Scouting for Doubles and Plus One	43
Doubles and Plus One : Mixed Practice Random Orders.	44

III. DOUBLES PLUS ONE (“NEIGHBORS”)

Connecting Doubles to Doubles Plus One	45
Addend Plus Addend	61
Missing Addend	72
Missing Addends	83

MIXED PRACTICE I - III

Doubles , Plus One , and Doubles Plus One : Mixed Practice by Section	88
Doubles , Plus One , and Doubles Plus One : Mixed Practice by Row.	91
<i>Note to Teacher</i> : Scouting for Doubles , Plus One , and Doubles Plus One	92
Doubles , Plus One , and Doubles Plus One : Mixed Practice Random Orders	93
